ST64, 8.5W, 806lm, Voice Control via Alexa or Google Home, Retrofit Plug & Play, No Hub or Subscription Required.

Features

- CHOOSE:** Combine modern day technology with classic looks using this round golden dimmable filament E27 Edison screw bulb. Set this smart LED bulb to warm white light colour for comfortable and cosy relaxing atmosphere. Mix technology with classic style using the LED dimmable filament E27 bulb. Create your own cosy home like atmosphere warm light setting of the E27 Edison screw bulb. The vintage style golden ST64 shaped E27 Edison screw bulb with warm white colour fits table and floor lamps with classic and modern home interior.
- EASY TO CONTROL:** Change the brightness the dimmable filament LED bulb remotely - via your smartphone or tablet, using free ENERJSMART App for Android or iOS without any subscription. You don't need a separate hub, since the smart LED light bulb connects directly to your Wi-Fi router. The E27 LED bulb supports voice control - via Amazon Alexa or Google Home. You don't need to stand from your comfortable sofa to turn the light off, just relax!
- PROGRAM AND COMBINE:** Even if you forgot to turn off the light, don't come back! Schedule your dimmable filament E27 LED bulb to go off at 9 am or to switch on at 7 pm or as the TV goes off.
- BRIGHT AND LONG LASTING:** The E27 LED bulb is made for general lighting. 806 lm of the dimmable LED bulb provide as much light as traditional 40W bulb, and last for 2 years if the light is on all the time. The filament E27 LED bulb consumes only 8.5W, when lights are on. Save hundreds pounds per year with the eco-friendly and energy saving E27 bulb.
