Ean Code on box:
5060774557198

Packing

Inner Qty
1pc pack

Outer Carton Packing Qty
10pc/ctn

Features

- **Interactive Viewing and Game Experience:** 1080p intelligent camera captures the colour onscreen and automatically applies to your TV backlights with our Envisual technology. (The camera is only for colour match and cannot be used for projection or audio.)
- **Dreamview Lighting Effects:** With RGBIC technology, you can customize each strip light segment and display multiple colours simultaneously. 99+ scene modes, 2 video modes and our Envisual technology colourize your viewing experience and spark your gaming fun!
- **Voice and App Control:** Manage your smart TV lights with simple voice commands via Alexa, Google Assistant, or with the ENERJSMART app. Enjoy access to more colours and features like Video, DIY and Music mode, helping create the ambience you dream.
- **Enhanced Music Mode:** The control box of the dreamview TV lights strip is equipped with a built-in mic, helping you sync them to music. Choose from 4 modes (Energic, Rhythm, Spectrum, Rolling) and jazz up your parties with vibrantly dancing colours.
- **Install with Ease:** Attach the camera to centre top or bottom of your TV. 3.8m TV LED backlights made up of 4 pieces can be installed on any 55-65" screen with adhesives and clips. (Please press foam stickers lightly or offset printing would leave.)
